

# PRECISION MICRODROPLET TECHNIQUES WITH HYALURONIC ACID (HANDS ON)

## CME/CE INFORMATION

This activity is jointly provided by Global Education Group (Global) and Aesthetic Mentor.

This activity is supported by an educational, in-kind grant of hyaluronic acid microdroplet injectables, provided by AbbVie, Inc.

### **Target Audience**

The educational design of this activity addresses medical professionals holding an active and unrestricted medical license in their field of practice and completion of Introduction to Dermal Fillers, or equivalent.

### **Statement of Need/Program Overview**

Training in Hyaluronic Acid (HA) microdroplet injection is essential to ensure safe, effective, and consistent outcomes in aesthetic practice. This technique differs significantly from traditional filler methods, requiring precise superficial placement, an understanding of unique product properties, and careful patient selection.

The purpose of this training is to equip aesthetic practitioners with the knowledge, skills, and clinical confidence needed to safely and effectively administer HA microdroplet injections. This course will provide a comprehensive understanding of the unique properties of HA microdroplet fillers, their role in skin quality enhancement, and the anatomical, technical, and patient-centered considerations required for optimal outcomes. By the end of the training, participants will be able to differentiate this technique from traditional filler approaches, select appropriate candidates, and deliver natural, skin-rejuvenating results while minimizing risks and complications.

### **Educational Objectives**

*After completing this activity, the participant should be better able to:*

- List the unique properties of Hyaluronic Acid (HA) Microdroplet Filler.
- Identify the specific benefits and indications for using HA Microdroplet Filler in aesthetic treatments.
- Discuss the role of HA in skin rejuvenation.
- Identify ideal candidates for HA Microdroplet Filler treatments.
- Review anatomical considerations for safe and effective injections.
- Recognize common side effects and complications of HA Microdroplet Filler treatments.

### **Program Agenda**

A 4-hour hands on live course will consist of the following:

DIDACTIC LECTURE: 45 minutes

HANDS ON TRAINING: 3.25 hours

### **Faculty**

Brianna Vega, NP

Brittany Smith, RN

Christiana Dakoyannis, RN

Claudia Rodriguez, RN

Colleen Daniels, NP

Courtney Trufant, RN  
Dawn McCullough, RN  
Greta Hall, RN  
Heather Jane McHugh, NP  
Jenny Erickson, RN  
Jennifer Parenti, RN  
Joseph Russo, MD  
Samantha Mekjian  
Tania Santiago-Velez, RN

### **Physician Accreditation Statement**

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of Global Education Group (Global) and Aesthetic Mentor. Global is accredited by the ACCME to provide continuing medical education for physicians.

\* This CME/CE activity complies with all requirements of the federal Physician Payment Sunshine Act. If a reportable event is associated with this activity, the accredited provider managing the program will provide the appropriate physician data to the Open Payments database.

### **Physician Credit Designation**

Global Education Group designates this live activity for a maximum of 4.0 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

### **Nursing Continuing Education**

Global Education Group is accredited as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation.

This educational activity for 4.0 contact hours including 0.0 pharmacotherapeutic contact hours is provided by Global Education Group. Nurses should claim only the credit commensurate with the extent of their participation in the activity.

### **Disclosure of Relevant Financial Relationships**

Global adheres to the policies and guidelines, including the Standards for Integrity and Independence in Accredited CE, set forth to providers by the Accreditation Council for Continuing Medical Education (ACCME) and all other professional organizations, as applicable, stating those activities where continuing education credits are awarded must be balanced, independent, objective, and scientifically rigorous. All persons in a position to control the content of an accredited continuing education program provided by Global are required to disclose all financial relationships with any ineligible company within the past 24 months to Global. All financial relationships reported are identified as relevant and mitigated by Global in accordance with the Standards for Integrity and Independence in Accredited CE in advance of delivery of the activity to learners. The content of this activity was vetted by Global to assure objectivity and that the activity is free of commercial bias.

### **Americans with Disabilities Act**

♿ Event staff will be glad to assist you with any special needs (ie, physical, dietary, etc). Please contact our Aesthetic Mentor prior to the live event at (857) 226-9492.

### **Global Contact Information**

For information about the accreditation of this program, please contact Global at 303-395-1782 or [cme@globaleducationgroup.com](mailto:cme@globaleducationgroup.com).
