

# FILLER DISSOLVING: EMERGENCY AND ELECTIVE MANAGEMENT

## CME/CE INFORMATION

September 16, 2025 – September 16, 2026

This activity is jointly provided by Global Education Group (Global) and Aesthetic Mentor.

### **Target Audience**

This course is designed for medical professionals (RN, NP, PA, MD, DDS) practicing in the field of medical aesthetics. There are no prerequisites required. An active license is not required as there is NOT an injectable portion of this class for providers.

### **Statement of Need/Program Overview**

The purpose of "Filler Dissolving: Emergency and Elective Management" is to equip aesthetic medical professionals with the critical knowledge and hands-on skills necessary to safely and effectively manage hyaluronic acid (HA) filler complications. This course provides a comprehensive approach to both emergency situations—such as vascular occlusion—and elective cases requiring aesthetic correction, using evidence-based protocols and clinical best practices. Learners will develop competence in patient assessment, dilution techniques, injection protocols, complication recognition, and patient communication, ensuring they are prepared to deliver safe, ethical, and patient-centered care in all scenarios involving HA filler reversal.

### **Educational Objectives**

*After completing this activity, the participant should be better able to:*

- Explain the pharmacology, mechanism of action, and proper indications for the use of hyaluronidase in dissolving hyaluronic acid dermal fillers.
- Explain how to conduct thorough patient evaluations to determine when dissolving HA fillers is necessary, including identifying complications like overcorrection, migration, or vascular occlusion.
- Review correct dilution, dosage, and injection techniques for administering hyaluronidase to dissolve dermal fillers safely and effectively.
- Recognize complications related to dermal fillers, such as uneven results or vascular compromise, and understand how to prevent adverse outcomes.
- Discuss individualized treatment plans for patients requiring HA filler dissolution, balancing safety with aesthetic goals.
- Identify signs, symptoms, and risk factors for complications including vascular occlusion.

### **Faculty**

Joseph Russo, MD

### **Program Agenda**

1.0-hour online activity

## **Physician Accreditation Statement**

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of Global Education Group (Global) and Aesthetic Mentor. Global is accredited by the ACCME to provide continuing medical education for physicians.

\* This CME/CE activity complies with all requirements of the federal Physician Payment Sunshine Act. If a reportable event is associated with this activity, the accredited provider managing the program will provide the appropriate physician data to the Open Payments database.

## **Physician Credit Designation**

Global Education Group designates this enduring material for a maximum of 1.0 *AMA PRA Category 1 Credit™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

## **Nursing Continuing Education**

Global Education Group is accredited as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation.

This educational activity for 1.0 contact hour including 0.0 pharmacotherapeutic contact hours is provided by Global Education Group. Nurses should claim only the credit commensurate with the extent of their participation in the activity.

## **Disclosure of Relevant Financial Relationships**

Global adheres to the policies and guidelines, including the Standards for Integrity and Independence in Accredited CE, set forth to providers by the Accreditation Council for Continuing Medical Education (ACCME) and all other professional organizations, as applicable, stating those activities where continuing education credits are awarded must be balanced, independent, objective, and scientifically rigorous. All persons in a position to control the content of an accredited continuing education program provided by Global are required to disclose all financial relationships with any ineligible company within the past 24 months to Global. All financial relationships reported are identified as relevant and mitigated by Global in accordance with the Standards for Integrity and Independence in Accredited CE in advance of delivery of the activity to learners. The content of this activity was vetted by Global to assure objectivity and that the activity is free of commercial bias.

## **Global Contact Information**

For information about the accreditation of this program, please contact Global at 303-395-1782 or [cme@globaleducationgroup.com](mailto:cme@globaleducationgroup.com).
