

NEUROTOXINS III (ON DEMAND)

CME/CE INFORMATION

May 27, 2025 – May 27, 2026

This activity is jointly provided by Global Education Group (Global) and Aesthetic Mentor.

Target Audience

The educational design of this activity addresses the needs of medical professionals holding an active and unrestricted medical license in their field of practice (physicians, physician assistants, dentists, nurse practitioners, and registered nurses) involved in the treatment of patients undergoing medical aesthetic injectable procedures. This is geared specifically to advanced injectors.

Statement of Need/Program Overview

Healthcare professionals who administer botulinum neurotoxins must stay current with the latest advancements in clinical research, off-label uses, and evidence-based injection techniques to ensure optimal outcomes and patient safety. There is also a pressing need for more in-depth education on facial assessment, complex anatomical considerations, dose adjustment strategies, and the management of complications such as ptosis, asymmetry, and resistance.

This enduring activity is designed to meet this need by equipping licensed medical professionals with advanced clinical knowledge and the confidence to treat more complex cases. This activity aims to bridge the current educational gaps, support practitioner competency, and improve patient care outcomes in aesthetic medicine by providing advanced, evidence-based education on neurotoxin administration.

Educational Objectives

After completing this activity, the participant should be better able to:

- Recall advanced techniques for enhancing the brow, eyes to create a more open appearance, nose aesthetics, and addressing jowls.
- Identify appropriate candidates for neurotoxin treatment addressing the trapezius muscle, brows, eyes, nose, facial asymmetries, and jowls
- Review the mechanisms of action for neurotoxin treatments specific to each area, understanding how they affect muscle function and skin appearance
- Identify suitable neurotoxin treatments for advanced areas such as the trapezius, nose, eyes/brows, asymmetric smile, transverse lip line, jowls and crepey under eye skin.
- Discuss the effectiveness of neurotoxin treatments for each targeted area
- List potential side effects and variations in response based on muscle and skin differences.
- Describe the impact of neurotoxins on patient outcomes, considering individual variations and the specific challenges associated with each affected muscle groups.

Faculty

Joseph Russo, MD

Program Agenda

1.0-hour online activity

Physician Accreditation Statement

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of Global Education Group (Global) and Aesthetic Mentor. Global is accredited by the ACCME to provide continuing medical education for physicians.

* This CME/CE activity complies with all requirements of the federal Physician Payment Sunshine Act. If a reportable event is associated with this activity, the accredited provider managing the program will provide the appropriate physician data to the Open Payments database.

Physician Credit Designation

Global Education Group designates this enduring material for a maximum of 1.0 *AMA PRA Category 1 Credit™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Nursing Continuing Education

Global Education Group is accredited as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation.

This educational activity for 1.0 contact hours including 0.0 pharmacotherapeutic contact hours is provided by Global Education Group. Nurses should claim only the credit commensurate with the extent of their participation in the activity.

Disclosure of Relevant Financial Relationships

Global adheres to the policies and guidelines, including the Standards for Integrity and Independence in Accredited CE, set forth to providers by the Accreditation Council for Continuing Medical Education (ACCME) and all other professional organizations, as applicable, stating those activities where continuing education credits are awarded must be balanced, independent, objective, and scientifically rigorous. All persons in a position to control the content of an accredited continuing education program provided by Global are required to disclose all financial relationships with any ineligible company within the past 24 months to Global. All financial relationships reported are identified as relevant and mitigated by Global in accordance with the Standards for Integrity and Independence in Accredited CE in advance of delivery of the activity to learners. The content of this activity was vetted by Global to assure objectivity and that the activity is free of commercial bias.

Global Contact Information

For information about the accreditation of this program, please contact Global at 303-395-1782 or cme@globaleducationgroup.com.
